NEW PUBLICATIONS.

IN THE CARQUINEZ WOODS. By BRET HANTE. 18mo, pp. 241. Houghton, Mifflin & Co.

We are indebted to Mr. Bret Harte for an intro duction to a great many blackguards, but we be-lieve that he has never led us into such very bad company as that which figures in and about the Carquinez Woods. His heroine is a person of free mauners and easy morals, and when we are presented to her she is on her way to jail, having stabbed her lover and "blown a hole through the Sheriff of Calaveras." She makes her escape by shooting the officer who has ber in charge, and encounters in the forest a young Cherokee half-breed who spends his days botanizing and sleeps in a hollow tree. With this strange man of science she holds the following

conversation:

"Oh, that was you kicked up such a row, was it?"
said the young man with a shade of interest.
"I recken," said the woman, nodding her head,
"and them that was with me."

"And who are they ?"
"Sheriff Dunn, of Yolo, and his deputy."

"And where are they now?"

"The deputy—in h—ll, I re-kon; I don't know about the Sheriff."

"I see," said the young man quietly; "and you?"
"1—gos nway," she said savagery.

She demands a drink of whiskey, and not only ob-

She demands a drink of whiskey, and not only ob

insensible of her love and is moved by no stronger

feeling toward her than compassion, she proves

capaole, at a critical moment, of extraordinary

sacrifices for his sake. Dorman exhibits some of the most picturesque traits of the Indian, and yet

he does not engage our sympathies. The reason why he fails to make the impression which the author

probably expected is not far to seek : Mr. Harte

describes his habits, but does not indicate his char-

acter; his actions have no ethical quality whatever, even in the most exciting moments of the story;

he is a striking figure, indeed, but only in the sense

that an eiligy in Madame Tussand's show might be

striking. As for the other personages of the little book, they are odious without exception or qualifi-cation. The humor which exhausts itself in the

accurate reproduction of California slang and pro-

that quick, sure touch of which he alone seems to

charm. The my tery and silence of the untrodden gloom and of the cool and odorous air, almost de-

lude us into the fancy that there is some element of

poetry in the relations of these two prosaic persons, the impassive botanist and the hunted prostitute, who are hiding in the dark recesses. But the truth is that Mr.

Harte has left out of this story the vital spark which

good deed, a virtuous impulse, a waif of innocence and simplicity in the midst of a coarse and lawless

society. It can hardly be said that the gratitude

and attachment of Teresa rise to the dignity of

too shadowy and inert a personage to be accepted as an influence of any kind. Her devotion is not

fidelity of an animal. If the story has a lesson, it

is that a variety actress, after loving and stabbing

many men, may be suddenly ennobled by loving

another, -- a theory better suited to those who pro-

vide literature for such persons as the admirers of

the James boys, than to a man of genius like Bret

THE DELTA KAPPA EPSILON QUARTERLY.

This periodical illustrates the growth in serious

ness and importance of the college secret society

system. Every year these organizations grow further away from mere boys' clubs. They retain

day life outside. The oldest of these societies were

Kappa Epsilon Quarterly, which is published by one of the oldest, largest and best-known of these so-

cieties, contains as much matter and is as hand-

somely printed as any of the literary quarterlies.

This number contains an article on the writings of

a sketch of the Omicron Chapter by Claudius Buchanan Grant, "Our Convention Development"

by Charles H. Beckett, and many editorials and re-

views on society and college topics. Mr. Haw-

thorne, in an appreciative discussion of Winthrop's

The new and revised edition of Emerson's works which Houghton, Mifflin & Co. have in press is in

every respect creditable to that firm. The paper is excellent, the type of attractive size and clearness,

the margins are of reasonable breadth, and the bindings are neat and simple. The volumes open easily and promise to bear long usage. Two vol-

umes have already appeared, the first containing "Nature, Addresses and Lectures," and the second,

the first series of essays. A new portrait prefixed to the first volume was etched from a photographic

copy of a daguerrectype taken in 1847 or 1848. There are other portraits of Mr. Emerson which we like better. Mr. Cabot in his preface notes that the ninth volume containing the "Selected Poems" will have an addition of some poems which were

omitted in that selection and some that have re

mained unpublished. The tenth and eleventh vol-

umes will offer the lectures hitherto unprinted with

occasional addresses and other prose writings which have appeared chiefly in periodicals. The

essays are printed as Emerson left them, except for

"some revision of the punctuation and the cor-rection of obvious mistakes." This edition, which bears the name of "Riverside," is authorized by Mr.

Emerson's children, acting with Mr. Cabot as their father's literary executor.

ee not only within the college but in every-

the vulgarity of their conversation.

A CASTLE IN SPAIN-PART VI.

This novel will be concluded in the November Number-to be followed, soon afterward, by a Serial Novel of startling literary interest by William Black, entitled "JUDITH SHAKESPEARE." Illustrated by Abbey. SAUNTERINGS IN UTAH. tains that refreshment, but is protected by the young man, and made as comfertable as circumstances permit. Naturally Teresa concentrates upon Dorman the affection which she has hitherto wasted upon rougher men; and although he remains incompile of her leve and is moved, by no stronger

life and writings, says:

I remember seeing, at the house of James T.
Fields, their publisher, who also was a D-K-E, the
manuscripts of these books, carefully bound and
preserved. They were written on large ruled letterpaper, and the handwriting was very large, and
had a considerable slope. There were scarcely any
corrections or erasures; but it is possible that
Winthrop made clean copies of his stories after
composing them. Much of the dialogue, especially,
bears evidence off having been revised, and of the
author's having perhaps sacrificed case and naturals
ness, here and there, to the craving for conciseness
which has been one of the chief stumbling-blocks
in the way of our young writers. He wished to
avoid heaviness and "padding," and went to the
other extreme. He wanted to cut loose from the
old, stale traditions of composition, and to produce
something which chould be new, not only in character and significance, but in manner of presentation.
He had the ambition of the young Hafiz, who professed a longing to "tear down this tiresome old
sky." But the old sky has good reasons for being
what and where it is, and young radicals finally
come to perceive that, regarded from the proper
point of view, and in the right spirit, it is not so
tiresome after all. Divine revelation itself can be
expressed in very moderate and commonplace
language; and if one's thoughts are worth thinking, they are worth clothing in adequate and screne
attire.
